VINIFICATION

Grapes were harvested by hand in the early hours of the morning, destalked and crushed. The grapes were cooled and pumped into separators and then pressed to separate the juice from the skins. Cold fermentation at 12°C took place in stainless steel tanks lasting 10 – 14 days before stabilizing, filtering and bottling.

WINEMAKER'S NOTE

Inviting aromas of paw-paw, citrus & guava with underlying grapefruit notes. A crisp palate of tropical fruit, citrus and spice leads into a lingering finish.
